# MEMBERSHIP IN THE CHAMBER COMES WITH BENEFITS!

## This Anoka Area Chamber Member Benefit HAS US TALKING ABOUT YOU!!

### This month's Benefit is: Member Referrals.

Here's the best part about this month's benefit. You don't have to do anything because you already did by joining the Anoka Area Chamber of Commerce. Everyday the Chamber office is called by the public or other businesses asking for referrals for products or services they need. As a member, we tell them about you. We don't pick one member over the other but tell them about all the members that cover their request and needs. We only tell those requesting referrals about Chamber members in good standing. That's it, no one else, just members. You've done your first part and that is to join the Anoka Area Chamber of Commerce. Now it's our time to go to work for you. Whether someone is looking for flowers, a motel or an accountant, we'll tell them about Chamber members.

Do you need a product or service? Check out the yellow page section of the Chamber Magazine that we produce each year or call the Chamber office. Local partners using each others products and services is something we all should do more of.

For more information about this benefit or any other benefits of membership in the Chamber, call 763.421.7130.

The Anoka Area Chamber of Commerce is a business organization made up of and ran by business people. Our goal is a simple one, do the best job to help promote and better our business members. There are many benefits of membership available only to members of the Anoka Area Chamber of Commerce. Each month we'll highlight one of the benefits. If you'd like to learn about all benefits available, attend a Member Orientation Meeting held each month on the 2nd Thursday from 8 to 9 AM at the Chamber office. The meeting is free. RSVP to 763.421.7130 or mail@anokaareachamber.com.

## Chairperson's Letter

April showers bring May flowers; we received the April showers and it was certainly needed! Now we anticipate the May flowers and the beautiful weather that comes with it! I hope you are able to get outdoors and enjoy the warmer weather. Spring also enables outdoor sports: the fishing opener, spring turkey season, outdoor baseball, track and field events and a litany of other outdoor activities not the least of which is road construction season. People that have been eagerly awaiting the warm weather to get on the bite on their favorite lake, athletes have practiced over the winter to better perform on the field and track this spring, campers have made arrangements for their trips. The theme here is that it takes hard work, preparation, and commitment to reach our goals whether it's flowers blooming, hitting a fastball, or landing that business deal nothing comes without first putting in the effort. As a community we are going to see this first hand with the US Highway 10 construction project. Please remember to be patient with your fellow travelers and the construction workers. There will be moments of frustration, let's not compound these moments with bad decisions. Be gracious, be aware and be kind on the roads.

Another event that is back is the Anoka Chamber networking events! These events are part of the practice plan for business'. The Chamber hosts these events for members so that you can expand your network and Pete and Tammy and the gang are good at it! We just had our Mix Business After Hours event in late March. The next Mix will be on May 24<sup>th</sup>, these events are free to attend a great way to meet fellow members and business owners. More details to come for the May event. We also have the AM Connections networking that is on the first and third Wednesday of each month from 7:45-9:00 am in the Chamber meeting room. These are great events and they are free to attend and no RSVP is needed, so please feel free to check them out and take advantage of your membership!

## P.E.A.C.E. Learning Center

P.E.A.C.E. Learning Center is a Minnesota licensed early learning and development program. We offer a clean child friendly environment that encourages independence, fun, and creativity. Our classroom encompasses students ranging in ages from 3 to 5 years, allowing children to grow at their own pace, mentoring and challenging each other. We believe every child has a right to learn at their own pace and should not be categorized solely by their age. In our unique class setting, we are able to teach and challenge your child to their abilities. Your child will learn and grow within the same classroom, with the same teachers, allowing teachers to truly get to know your child and their best learning method. We make learning fun through personalized lessons aimed to meet their individual learning needs and interests.

Families will enter our newly remodeled facilities through a secure entry. We utilize video monitoring of our facilities and ProCare software to manage attendance and tuition. Our brand-new playground facilities offer a fun and safe space for children to explore and have fun.

We encourage you to check out our website for Open House dates or to contact us for a tour [peacelearningcentermn.com](http://peacelearningcentermn.com).

## Abilities Ahead

### Incorporating people with disabilities into the workforce

#### Gaining independence, reaching new goals

Sierra Jones-Iverson has been an important part of her FedEx team for four years, growing in her responsibilities as well as increasing the number of hours she works. Her duties have included unloading packages from trucks and relabeling boxes to prepare for shipment.

With nonprofit organization Opportunity Partners' support, Sierra has gained confidence on the job, too. In her quest to gain greater independence in her life, she has picked up additional shifts, nearly doubling her hours from 16 to 30 per week during busy periods.

Sierra didn't let knee surgery slow her down, even when she had to wear a brace and undergo physical rehabilitation. "Everybody was amazed I was still working with my brace," she said, adding that she especially enjoys working with so many nice people.

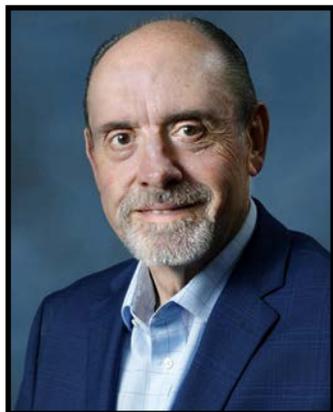

Sierra, 30, is proud of all she has achieved. She is working toward advancing her career at FedEx, hoping to become a manager or trainer someday. She enjoys earning her own money and making her own decisions.

In all, Opportunity Partners supported 300 people with disabilities including Sierra in community jobs in 2021. The assistance that Opportunity Partners provides includes job coaching, training assistance and ongoing support to help people succeed.

Companies benefit by having a dedicated employee and enhancing diversity and inclusion in the workplace, and individuals with disabilities benefit by gaining work experience that can lead to greater independence in the future.

*Opportunity Partners is a local nonprofit advancing the quality of life for people with disabilities through employment, residential and community support. Learn how your business can partner with us at [opportunities.org](https://opportunities.org) or email [partner@opportunities.org](mailto:partner@opportunities.org).*

## “ARE YOU READY FOR SOME GAVEL?”

It's that time of year when the Anoka Area Chamber does a call out to the membership of the Chamber to see who might be interested in serving on the Board of Directors.

Each year we are looking for candidates to fill 5 openings on the Board of Directors. The term

would be for 3 years unless you end up serving as the Chairperson of the Board and then your term would be 4 year.

The work is not hard but oh so important and the Board of Directors runs the ship that is the Anoka Area Chamber of Commerce. A total of 16 people sit on the Board. They meet on the first Tuesday of each month at 7:30 am and their job is to make the Chamber better and they do their job well.

Things start in September at a Planning Meeting where the Board works up the Strategy to Action Plan for the coming year. All of that is designed to do the very best they can for the members who own this Chamber.

I tell people that the Chamber Board is the Skipper, and Chamber Staff (myself and Tami) are Gilligan and Mary Ann.

The Board tells us what to do and staff does it.

The one thing I have been most impressed about the Board during my time here at the Chamber is how they deal with unexpected situations. They are an incredible reactionary group that figures out the issues and puts in place a plan to

deal with it. There is never a better example than when COVID hit. Trust me, the Board didn't have that in their Strategy to Action Plan when they met in September of 2019. When things hit with the pandemic, the Board went into action and quickly addressed what the needs of the membership and the Chamber as a business would need to deal with.

The Board of Directors are absolutely Chamber Rock Stars and we'd love for you to consider being a part of that group. If you really want to get a feel for what the job entails, just take a look at who is on the Board now and give them a call and ask the question. I bet when you are done with that call, you'll next be calling me to say that you are interested.

Plus you get some nice Chamber bling! A name badge and Chamber folder. I mean does it get any better than that? Ok, so what do you think? Are you interested? Do you have some questions you'd like to get answered? Reach out to me and lets talk.

Are you ready for some gavel time?
